

Hosting a BSRA regatta for your fundraising

Hello Rowing Support Groups

Thank you for taking on the role of Host school for the BSRA regatta season.

I am very appreciative of the tremendous job each Host school provides in making these regattas such 'standout' events in atmosphere and culinary delight. 😊 I am also very aware of the huge effort that is required to affect this.

This document aims to assist organisers of the Host school for the BSRA regatta season 2018 to identify what categories to include to increase your fundraising potential.

Each week a different school hosts our regattas and brings their own distinct 'flavour.' A critical element from an event perspective, is the consistency of what is offered, so that participants can rely on what will be available and what will not, to manage their race preparation. If there is inconsistency, then each school/participant starts to cater for themselves and that means a reduced revenue for all of you.

Please make catering pre-orders available to schools at least 1 week prior to your event;

1. Borders
2. Coaches
3. Spectator hospitality tent (to discourage self-catering). Include a message when you send out your pre-order to express your interest in providing for the spectator tent so that they do NOT self-cater)

Please familiarise yourself with the maps on the Wyaralong page of the website which show the site and the landscape. This will help you understand the location in relation to the information provided.

If you have any further questions, please contact your school coordinator or me at rachael@bsra.org.au. Additionally, there is Regatta Information available on the BSRA website that will provide further information www.bsra.org.au and the FAQ's.

Thank you once again,

Kind Regards

Rachael Kininmonth
Executive Officer
BSRA

Hosting a BSRA regatta for your fundraising

BSRA / Host school regatta partnership

Obligations for operational delivery

Host Schools contribute to the regatta in the following way:

1. Catering elements - on BOTH headlands
2. Catering for the Officials and Volunteers
3. Catering Tent
4. Pre-orders for schools and spectators and boarders' vouchers
5. Program – content and PDF for lead up regattas and printed version HoR only.
6. Parking - management payment collection (Program HoR distribution).
7. Host school car passes
8. Pennants - provision
9. Boat holders - for the start pontoon - see program for number of entrants

Head of the River only – all of the above roles (except pennants)

1. Principal Morning tea catering and service
2. Catering for the medal ceremony personnel x 3
3. Boat holders at the medal ceremony x 3 (rotate the shifts)
4. Program printing and distribution

1. Catering elements

Two catering areas are required at BSRA regattas - (the spectator headland and the competitor headland) this means that a duplication of resources is required.

Each week a different school hosts our regattas and brings their own distinct 'flavour.'

A critical element from an event perspective, is the consistency of what is offered, so that participants can rely on what will be available and then will not be tempted to manage catering internally. If there is inconsistency, then the uncertainty creates the need for each school/participant to start catering for themselves and that means a reduced revenue for all of you.

Please make catering pre-orders available to schools at least 1 week prior to your event;

1. Borders
2. Coaches
3. Spectator hospitality tent (to discourage self-catering). Include a message when you send out your pre-order to express your interest in providing for the spectator tent so that they do NOT self-cater)

If you would like to promote your menu, supply your artwork to EO for advertising on BSRA website Rachael@bsra.org.au

See the following document for information on all aspects of the hosting role.

2. Catering for the Officials and Volunteers

Provide breakfast, morning tea and lunch for the officials and boat driving volunteers. RQ have recently advised me, that that due to significant wastage when Host school deliver food to officials, the BRO's will come to the catering tent and choose their own. Please provide a bag/package that is easily transportable.

Please advised the catering team and the coffee vendors to expect the BRO's at the Competitor Headland at approximately 6:30am. They will collect a breakfast and morning tea in the same visit. Lunch will be collected at the conclusion of the regatta...

Breakfast should consist of something like a coffee and a bacon and egg roll/wrap

Hosting a BSRA regatta for your fundraising

Morning Tea should consist of a muffin or cake, a piece of fruit and a drink (a selection of soft drink and water).

Lunch should consist of (wrap/burger/sandwich, and a selection of water and soft drink) and will be consumed at the end of the regatta during their debrief meeting in the shed on the competitor headland.

Coffee tab will be organised by the host school and reimbursed by the host school. RQ/BRO people can access this as required. (RQ/BRO shirt being the identifying feature).

- There are 13 Boat Race Officials
- 3 Rowing Queensland personnel
- Volunteers boat drivers (#?) will provide a ticket to you authorised by the BSRA EO
- 1 BSRA personnel (EO)

3. Catering Tent

Each host school provides their own catering tent, but Rowing Queensland has a tent for you to hire. 20 metres x 10 metres at \$150 for the hire. You will need to contact Lucy or Mike at RQ to arrange. Lucyb@rowingqld.asn.au or phone them 07 3842 1200

The dimensions for the catering site footprint are: Flat area 20 x 12m and Slight down slope 20 x 3m = Total area 20 x 15m

4. Pre-Orders

Pre-orders assist the schools in supplying nourishment to their supporters, staff, volunteers. Each school offers a variation on this theme. Some just pre orders and some school offer boarders' vouchers. This is an easy way for schools to ensure that their boarders are nourished. These can be redeemed by the boarders at your catering tent, collated and an invoice sent to the school post event.

An example of three separate pre order forms is as follows:

1. Staff/Coaches
2. Boarders
3. Spectator tents (to discourage self-catering)

We ask that they be kept separate for invoicing purposes please. We hope that this system will work better than the voucher system, and it allows for us to have the orders ready by a certain nominated time for collection by the schools/spectators.

Can I ask that you issue this request pre regatta to the relevant school contacts (send to me rachael@bsra.org.au if you don't have the emails) noting that all orders to be returned by [insert date week or so before your event].

See Appendix A for the pre order forms example

Send your preferred arrangement to rachael@bsra.org.au for distribution to the BSRA community.

5. Program

In 2019 the program at lead up regattas will be in digital format. You are required to send a PDF version to rachael@bsra.org.au the Monday before your regatta. It will be posted online on the BSRA website. The Draw will be added.

Each Host school is required to organize this PDF program for their regatta. It is a great opportunity to promote your school and the art department usually has a big influence.

The **Head of the River will have a hard copy program**. The cost will be \$10 for parking and program. This program represents 10 schools and is considered a memento.

Hosting a BSRA regatta for your fundraising

The number of programs is usually around the same number of carparks. Wyaralong has CP2 (300 car parks), CP3 and 4 (150 car parks), CP5 (120 car parks), CP6 (gravel road, no Ferrari's, Porches etc, 350 car parks).

6. Parking

A school may charge \$5 for the parking and a program at Wyaralong as a fundraising opportunity. RQ personnel will set up parking markers before each event. The car parking map is attached here in Appendix B.

The host school provide the personnel to operate the parking payment (recommend 5 people at a minimum) 8-10 people is ideal. Arrive at 6:15am at the RQ office on the competitor headland for a briefing. Wear high visibility vests and use lights. Volunteers should line up along the verge so that 8-10 cars can be attended at once and then drive on and the next 8-10 cars are attended.

A sign that states \$5 PROGRAM AND PARKING, will be supplied by BSRA so that drivers are prepared. When there is a huge line up of cars please do not chat just tell the drivers to follow the traffic controllers' instructions.

At the head of the River it is recommended you supply about 900 programs. **Program and parking** cost is \$10.

The set up for parking usually commences around 6:30am with a safety briefing at the RQ shed near CP2 at 6:15 with Murray Stewart.

Traffic controllers will manage traffic – you just take the payment. Where a car has a FREE parking permit you can still charge them for a program – what you charge is up to your school but should not exceed \$5. At HoR it is \$10.

Often parents are dropping off their daughter to participate in the regatta. Please inform them, that when they stop to pay for parking and a program, their daughter should alight quickly from the vehicle. Please do not allow them to drive on a few metres and stop for them to disembark. This will upset the traffic flow

The shuttle service operates as soon as the relevant car park is opened. You can get a shuttle from your car park consistently at peak times and every 15 minutes in the down times. The shuttle runs for 30 minutes after the last race. Usually (approx. 1:15pm). Please ensure you are on the shuttle if required. The buses are also the transport for the competitors and the BSRA is directed not to hold them up on their return journey home.

7. Host School Car Passes

Car passes on the spectator headland – as a host school you have 6 passes, 3 for parking and 3 loading only. The 3 loading zone only and will have to move on once they have dropped off picked up etc. There will be no room to just park and leave. The ring road needs to be clear for disabled parking and the shuttle bus service to operate.

The Competitor headland has 6 host school car passes. 3 parking and 3 loading zone, as above.

Hosting a BSRA regatta for your fundraising

8. Pennants

Pennants are awarded for 1st place

Certificates are awarded for 2nd and 3rd place

The approximate numbers are based on the following (as at 12 NOV 2017):

Race	1st (pennant)	2nd (cert)	3rd (cert)
Sculls (yr 8 – 12)	5	5	5
Year 8 quads (9 divs – 5 crew members + 1 coach = 6 per crew) 6 x 9	54	54	54
Year 9 quads (9 divs – 5 crew members + 1 coach = 6 per crew) 6 x 9	54	54	54
Year 10 quads (5 divs – 5 crew members + 1 coach = 6 per crew) 6 x 5	30	30	30
Fours (1 div – 5 crew members + 1 coach = 6 per crew)	6	6	6
Eights (3 divs – 9 crew members + 1 coach = 10 per crew) 3 x 10	30	30	30
Totals	179 pennants 1 st place	179 certificates 2 nd place	179 certificates 3 rd place

Provide pennants and certificates for the place getters at the Lead up regattas.

- Numbers required are based on the above.
- Pennants should be dated and should have the event notated (e.g. Year 8 4th Quad)
- Certificates need not be notated. Both pennants and certificates should be provided in individual A4 envelopes per event and per place, so the successful school's name can be written on the envelope.
- The pennants and certificates should be given to the personnel distributing the bow numbers before the start of the regatta.

Bow number and pennant distributors in the lead up regattas is a role performed by St Hilda's

9. Boat holders

10 boat holders are required to meet at the finish line tent approx. **40 minutes prior** to the 8+'s races. (If the 8+'s races are 9:40am and 11:55am for example, you would present at the finish line at 9am and 11:15am) You will be transported via an umpires launch to the start pontoons. This role is performed twice during a regatta. Please check the program for the 8+'s races timings and calculate the 40 minute window.

Hosting for the Head of the River

All of the requirements for the lead up regattas are relevant for the Head of the River plus the following:

Hosting a BSRA regatta for your fundraising

1. Principal Morning tea catering and service
2. Catering for the medal ceremony personnel x 3
3. Program information

1. Principal Morning Tea

The host school is requested to supply snacks and refreshments to the VIP area (location determined closer to the date)

A hot water urn should be available with a selection of tea and coffee, sugar and milk throughout the day **or** a coffee and tea order taken to the coffee vendors. Light snacks (biscuits, cakes etc) should also be available for about 30 servings.

At 10.15am, a morning tea should be provided for a Principals' and VIP's function. Please be as creative as you wish but at the minimum a selection of sandwiches should be available for approximately 30 people.

Every hour or so please have a person visit the VIP function area to ensure it is tidy and if there is no urn, to ask if anyone in attendance would like a brewed coffee. These should be obtained from the coffee vendors.

The BSRA supplies a 6 x 6 metre marquee and 2 x trestle tables for this function.

Please forward an account for these services to the Executive Officer for payment to Rachael Kininmonth rachael@bsra.org.au. (The expectation is around \$350)

2. Catering for the medal ceremony personnel

Medals for the Head of the River is for 1st 2nd and 3rd place and are supplied by the BSRA. They will be delivered to the regatta on the day. Trophies will also be on display.

The personnel at the medal ceremony will need food and water delivered to them. Breakfast, morning tea and lunch. Please cater for about 4 people.

3. Program Information (for Head of the River only)

At the Head of the River, the BSRA will help provide the content for your school to design the Event Program. You must incorporate the draw. Contact me for this Rachael@bsra.org.au

It is recommended that you print off at least 900 programs. The sale price is usually \$10 which includes parking (you can charge it at \$5 also if purchased separately). Given the quantity of content and the subsequent printing costs, there may be an argument for a higher price point. Please discuss with me so that I may alert the Board with a rationale for the increase Rachael@bsra.org.au

The Host School is responsible for the cost (usually around \$1000) for printing these programs, that is subsequently recouped. Usually schools use their internal printing capability to reduce the cost. If this is not the case, please discuss with me Rachael@bsra.org.au

Car park attendants should have the majority of programs to sell to drivers of cars while they are paying the parking fee in one transaction.

Others should be available for purchase at the catering tent, I recommend the same price \$5. It is a commemorative item.

40 are required to be given to me for distribution to regatta officials and VIP's in the VIP tent prior to the regatta commencement.

Frequently Asked Questions for Wyaralong

1. Water

What provision is available?

Drinking water at competitor headland is now available at the toilet facility.

Hosting a BSRA regatta for your fundraising

There is no running water on the spectator headland. Tank water is available for washing up etc on spectator headland (RQ will give you keys to the tank water when you are setting up).

2. Host school parking

Can you confirm that our Supporters Trailer can be utilised and provision for parking will be made available for host schools on the spectator headland?

Each host school will receive:

- 3 parking passes – Spectator Headland
- 3 loading passes – Spectator Headland
- 3 parking passes – Competitor Headland
- 3 loading passes – Competitor Headland

There will be colour coded/numbered passes produced and distributed by your rowing coordinator. 3 cars only will be able to park on the Ring Road. The 3 other support/catering/host vehicles may access as a loading zone only and will be required to unload/reload and remove vehicles to parking bays.

There are six car passes for the host school on the competitor headland.

Parking generally is a first come first served basis and no parking will be reserved for you outside of these permits (loading zone passes will need to get general parking after loading/unloading. See the maps on the website to view the parking options. www.bsra.org.au

3. Unloading tents

How/where do supporter's tents get unloaded?

Whoever is tasked with this will unload on the Meebun Ring Road and park on the Competitor Headland. The trailers need to be parked by 7am before the competitor headland closes to traffic. It is closed at 7am until 8:30am.

4. Improvements

What improvements in facilities are expected between now and the first Regatta? It's pretty good as it. Will there be further improvements during the 6 weeks of the Regattas? Maybe

5. Power

What is the arrangement for access to power?

The Spectator Headland

Mains power is available on the spectator headland and a distribution board will be supplied by RQ. 10 and 15 Amp (no 20KVA)

Merchandise requirements for power on the HoR may still require the generator.

Coffee and slushie suppliers should be able to hook in to the RQ arrangements at each regatta.

The Competitor Headland

has a generator supplied for all your requirements (as at 2019).

Please note: Coffee and slushie providers may need to provide their own power (generator) for the Head of the River on the Spectator headland. Please confirm closer to the date.

6. Land size of catering areas

What is the land allocation for the catering tents?

Spectator Headland

Host school and HoR Catering Site Footprint

Flat area 20 x 12m - Slight down slope 20 x 3m - Total area 20 x 15m

Hosting a BSRA regatta for your fundraising

Competitor Headland is really really large.

7. Access times

When can we have access to set up?

Friday access midday. You can achieve all primary set on the Friday

When can boats arrive for weekly regattas and Head of River?

Anytime – security is your own

Are there two roads that can be used to access Wyaralong?

No. One access road. Traffic management is critical.

8. Camping and Security

What provisions are in place for security on the Friday night if set up on the Friday is allowed? Could we have a tent for overnight?

Yes, you can camp but security is you. There is no overnight security provided. Gates to Wyaralong officially close at sunset and officially reopen the following morning at 5:30am This is to discourage hoons on the road overnight. There is a code to the gate. Contact rachael@bsra.org.au or text me 0412 171 527 to get the weekly code. 3680#

9. Catering setup

Is there an expectation of two food outlets i.e, one for each headland at weekly regattas and HoR?

Yes, we need to provide consistency at each regatta. This way you will capture both competitor and spectator markets.

- Recommend 1 x slushie (own power). In the past, the slushie man starts on the comp headland and then repositions on the spec headland around 11 am.
- 2 x coffee (Wandering man provides 2 on the spec headland and 1 on the comp headland for lead up regattas and 3 on the spec headland and 2 on the comp headland for the Head of the River. He goes through 17 kilos in lead up regattas and 30 kilos at Head of the River. He has 6 staff at lead up regattas and 8/9 at HoR (7am – 8:30 one on each headland and at 8:30am both join up on spectator headland or not depending on your preference)
- Coffee can use the generator power on Comp headland. Please check for Head of the River.

Regatta Event Roles - Lead up and HoR:

1. Boat driver numbers

How many boat drivers are required?

Volunteers required from ALL schools. This is NOT a host school responsibility. But 4 in Shift 1 and 4 in shift 2

4 boat drivers (for 2 shifts each = 8 drivers) are provided each week from an agreement amongst the member schools determining which ones!

- According to the weekly job allocation each school will pre-arrange 4 boat drivers for 2 shifts = 8 drivers.
- These numbers will be confirmed each week

2. Boat driver sign up and induction

Please distribute this link to your community

Hosting a BSRA regatta for your fundraising

[Volunteer boat driver sign up and induction](#)

3. Boat holder numbers

How many boat holders are required?

This is a host school responsibility.

- 9 or 10 boat holders (depending on entries) are required weekly from the host school. They will meet at the finish line 40 minutes before the 3rd 8+'s races (twice during regatta's). As we can only take 6 people including the driver in Percy (umpire boat) - we will need to use other umpire's boats to get 3 x 2 boat holders to the start platforms, so the boat holders need to be on time to enable a briefing at the finish line.

4. How to manage parking and program payment

What are the suggestions re road/ traffic management for parking? There is one road in and one road out. This creates a HUGE problem in traffic management.

Volunteer requirement- to assist the flow of traffic in, directing the uninitiated, issuing programmes (HoR only), giving change etc.

- You need 8-10 people at the point of sale or RQ will shut you down. You need the most authoritative and verbal person as the first point of contact for the cars. The time delay is actually people not knowing where to go and asking directions, not the monetary exchange process.
- I have maps on the website to explain and have encouraged all schools to direct their stakeholders to the maps on the website to familiarise themselves with the area.
- Car park volunteers will provide their own high visibility vests. Murray Stewart will conduct a 6:00am safety briefing at the RQ site office on the competitor headland.
- Parking charges will not commence until first light which is 6:15am at the earliest.
- Have your most authoritative person as the first point of contact for the cars, they need to confidently directing traffic and communicating with the group. That person counts the cars through and stops at the required number. ALL parking assistants then collect the money. They are all waved on and the next vehicles are rolled in. Please use confident hand signals of stop and go.
- There are coaches FREE parking (no allocated spot) and Principal VIP FREE parking (Head of the River only). Coaches get directed to wherever is the next available car park. **Please be REALLY courteous and direct the Principal to the best area possible.** Ask RQ here for suggested location.
- **At the Head of the River there is a designated VIP area for the Principals and VIP's.**

Question:

Could we do pre-paid parking/programmes using Trybooking or similar?

It would significantly cut down on time and effort. Cars could be allowed thru pre-paid priority parking with presentation of a receipt and programmes could be collected from each headland by presentation of a receipt.

Hosting a BSRA regatta for your fundraising

Answer:

No, this will still be impacted if traffic management is not up to scratch and the drivers still stop to ask questions (ie, not familiar with the area).

- The 8-10 people allocated at the point of sale should be able to answer these questions relatively quickly.
- Have 8-10 witches' hats on the road where the cars all pull up all at once, are attended by a volunteer, sold the parking/program (HoR only) and move off 8-10 at a time.
- If the volunteers don't initiate this process, and each car comes up one car at a time, and there is no direction from volunteers to group them, it will be a nightmare....and there will be a lot of CRAZY/ANNOYED people!

5. Cost of Programs

In 2019, programs for the lead up regattas are digital and available on the BSRA website. Hard copy programs are printed for the Head of the River (HoR) ONLY

How much do we charge?

\$5 is the BSRA agreed price point for parking at the lead up regattas

\$10 for the HoR program (a separate issue as the program represents 10 schools and has more comprehensive information that increases the cost.)

Should programmes still be made available for sale at each Headland at the HoR?

I would think that just the spectator headland would require programs. It's up to the host school to decide this. If they purchase on the way in, there may not be a requirement. If people car share there may be a request for more than one programme per vehicle. Host schools to decide what this will be... I recommend the same price for ease. The Head of the River Draw will be available on the website.

6. Merchandise

Who does the merchandise?

The school that is the current Chair of the BSRA is allocated the merchandise. In 2019 this is Stuartholme. Schools are **NOT** permitted to provide merchandise at BSRA regattas without the blessing of the merchandise allocated school (Stuartholme). If you are hosting a regatta and have some merchandise – it should not conflict with the Stuartholme collection. That is, do not design a t shirt and expect to sell it. If you have any merchandise to sell when hosting, please check with

rachael@bsra.org.au to ensure it does not conflict.

<http://www.bsra.org.au/index.php/merchandise/>

Hosting a BSRA regatta for your fundraising

Menu Example - Suggested Script

Somerville House and All Hallows School Regatta 30 July 2017

Key Points:

- “Somerville Street Eats are Oarsome”
- This regatta is proudly created by the Somerville House Rowing Support Group foodies!
- Decorated in Somerville Green like a Street Food Market.
Look for the vintage bike, a renowned symbol of Street Food.
- The food promises to offer something never tasted before in a school girls rowing regatta.
- Look in your program for a menu of their tasty offerings.

Breakfast example

Bircher muesli, fresh strawberries & Bacon & Egg roll

Lunch example

Pulled Pork and Slaw Bun - Southern style slow cooked pulled pork, crunchy slaw on a toasted bakers bun

Beef Slider - Ground Angus Beef, caramelised onions, mixed greens and beetroot on a toasted bun

Tasmanian Cape Grim Pie - Tasmanian beef in a flaky pastry

American Style Hot Dog - American Hot Dog on a long bun, topped with your choice of.....Crunchy slaw, cheese, onions, mustards or classic tomato sauce

Asian Noodle Bowl – ‘Gluten Free and Vegetarian’ - Glass noodles, with Asian flavours, fresh herbs and vegetables

Battered Fish and Chips - Light Tempura fish with chips and a slice of lemon all on newspaper print

Extras...

- Cake Stall - a wonderful selection of home baked goods
- Cold drinks
- Coffee van
- Smash frozen drinks

They invite you to enjoy their hospitality so please visit their Food Marquee & see what the fuss is about.

Hosting a BSRA regatta for your fundraising

Starting the host preparations from scratch...

An important consideration when hosting a Regatta, is your available human and physical resources. These are to be matched with the site, your theme and the expectations of the BSRA and Rowing Queensland. Set yourselves clear goals, keep it simple and professional, so it is achievable and have some fun.

Coffee Vans - Please use either of these two providers:

Wandering Man Espresso

Contact Jon 0412 743 311 twocup@me.com

Or

The Rich Pour

Christie 0449 006 309 christie@therichpour.com.au

NB: We use 20 kilos of coffee at the lead up regattas and 30 kilos at the HoR.

A little weekend business will not cater to the 3000 people at lead up regattas and 5000 at the Head of the River. Please do not use providers that have not been at our event before or who do not have the capacity to provide their own power (at Head of the River, the merchandise and the catering could create a capacity problem and the coffee supplier will need to have the capability to solve their own power issues if our capacity is reached. Chip fryers require an enormous load but not everyone uses this).

Rainbow Smash

Contact Martin Brady 0419 705 575

Or Michele Gross - marketing@rainbowsmash.com

0424 541 735

They can provide (for a negotiated fee) cool rooms and generators.

Appendix C - 2017 Feedback from Host Schools

Regatta 1 2017 – Stuartholme (first BSRA regatta at Wyaralong)

NB: They did not cater on the competitor headland in 2017.

Hi Rachael,

I hope the below helps! This is what I also sent to AHS, SPLC, ST A and ST Hilda's when they contacted me about what we did, being first cabs off the rank!! Attached is the equipment we hired from Bob's Hire. Ignore some of the notes - they are reminders for next time.

Hosting a BSRA regatta for your fundraising

We kind of catered for 2000-thinking 1000 rowers and coaches and 1000 spectators but we just made that up!!! We had no clue!! We sold nearly everything but did not run out of food. From memory, I think we had 300 programs and ran out around 8.30/9.

4 schools pre-ordered- approx

St M \$900

State High \$132

Lourdes \$\$68

BGG \$150

58 boarder vouchers on day

Coffee man was John from Wandering Man coffee - 0412 743311

We raised \$15k clear profit which is better than a poke in the eye!!

Our menu consisted of:

Bacon and egg wraps
Yoghurt, muesli and berry cups
Steak Burgers
Sausage in bread
Pork and coleslaw rolls
Chips
Pies
Caesar salad
Thai salad
Fresh OJ

Hosting a BSRA regatta for your fundraising

<p>We used:</p> <p>35 kg steak 300 sausages 40 kg pork 20kg bacon but order next 30 as we will do rolls instead of wraps 20 kg dry coleslaw 15 for pork and 5 for salad 20 onions but get 25kg 15kg Sliced tomatoes ordered 25 but should have had 2 slices on burgers 25 doz eggs but order 30 to be safe Salads 40 each of 2 sorts 1 box iceberg (nick) 6 trays strawberries 1 box cos if doing ceasar 1 box mesculin 4 kg red onions 20 capsicum 4 kg green apples for coleslaw 2 trays cherry tomatoes 4 bunches continental parsley thai salad 4 bunches coriander 4 bunches mint 75 kg chips but order 100kg 10 kg yoghurt- last time used 20 kg 2kg Beerenburg burger relish - need 6kg as used on bacon and eggs too 2.55 ltr Hellmans Ceasar dressing 2 x 2.55 ltr Hellmans coleslaw dressing 5kg muesli</p>	<p>1kg shaved parmesan 3 x 150 g croutons (Paddo made last time) 5kg bacon for ceasar (Paddo cooked) 3 boxes (432 wraps) for bacon egg but next rolls 100 Pies - next time order from Boonah and only beef 540 bread rolls (ordered 70 doz -840) but will need rolls for bacon and egg 20 loaves bread Order box of wraps for backup rolls 80 salad boxes 300 x12 oz cups (ordered 500) 350 Chip cups 2 grease proof paper 2500 napkins Paper bags for pies and lollies _ heaps left over (500 ordered) Have back up milk for coffee 105 Powerade 25 lemonade 31 solo 10 Fanta 38 Coke zero 24 Diet coke 70 Coke 15 x 24pack water</p>

Hosting a BSRA regatta for your fundraising

Regatta 3 2017- All Hallows'

Rachel information below as requested. Catering on Competitor Headland was included.

The number you catered for 1700

How much of it you sold? 1300

Did you sell out of food? If yes, what time? We sold all steak burgers, egg and bacon rolls, BLAT burgers had 400 sausages left over.

How many programs did you sell? 500

Did you sell out of programs? What time? Yes, not sure what time, but it was just the right amount.

How many drinks etc etc etc.

How many schools and number of pre-order food? Approx

How many boarder's vouchers presented approx? Girls Grammar x 27 Breakfast; Somerville x 15 breakfast; Lourdes Hill x 4 Breakfast, 6 x lunch, 9 x drinks; St Hilda's x59 lunch; St Margaret's x 52 lunch x 15 drinks.

Can I have the name and number of the coffee service provider - Jon Laker, Wandering Man Espresso Ph: 0412743311 email twocup@me.com. www.wanderingmanespresso.com.au

They use just over 17 kilos at lead up regattas and over 30 kilos at the HoR.

About how much did you gross? Nett?

Any learnings/comments? More rubbish bins were needed, I think more were provided at later regattas. Need safe drop off and pick up area for girls as parents don't obey rules. Traffic controllers did not allow disabled person to park in the first car park. Lighting is required for early morning set up. Collecting money for carpark before 6:00am was prohibited, this reduces revenue. For first time, well run.

Regatta 5 2017 – St Aidan's

The number you catered for and ~1200

How much of it you sold? About 99%

Did you sell out of food? If yes, what time? About pack-up time which was early because of the early closure of the regatta***regatta cancelled mid-way due to weather.

How many programs did you sell? ~400 (~400 cars; ~50 freebies and ~50 leftover our of 500 printed)

Did you sell out of programs? What time? Had a few left over when stopped collecting about 930-ish

How many drinks etc etc etc. ~1200

How many schools and number of pre-order food? Approx Nil but a few schools (2 schools about 50 items) upon arrival ordered in bulk and placed the order on the morning first thing with a preferred time – this worked well though did create a bump in activity

How many boarder's vouchers presented approx? ~125

Can I have the name and number of the coffee service provider and Wandering man expresso 0412 743 311

About how much did you gross? Nett? Gross \$10k (excl float of \$4k) and nett \$6k

Any learnings/comments? Regatta #5 St Aidan's was unusual because of the shortened program due to wind, check the wind as well as the rain forecast! same big tent and generator each week worked well, get clarity on whether you want two cooking spots (one on each headland) or just the one, RSG groups self-catering in regattas 1-5 should be discouraged

Hi Rachael,

Our regatta was by no means indicative of a general regatta day. The severe winds meant many races were cancelled and ultimately the day was shortened.

Being the fifth regatta we intentionally catered 'light', so as not to have left overs. we catered for about 1100 and had a catering tent on each headland. We kept cooking til the end and managed to sell out of all our baked goods, and almost all our hot foods by pack up. Had it been an ordinary day we would have sold out probably too early. We budgeted for:

Hosting a BSRA regatta for your fundraising

600 bacon and egg rolls, 100 BLTs, 200 hamburgers, 200 sausage in bread, 50 Haloumi and pesto burgers and 80 muesli cups.

We felt we had the mix right. We had so many drinks left over. Not being so hot and being a shorter day affected this I think. we probably sold 1000 drinks.

The Carpark attendants sold programs til about 10. They sold about 400. They commented that car numbers were down.

The Wandering Man espresso 0412743311 was fabulous and could keep up with demand in a timely manner. We also used the Rainbow Slushie man - he had a terrible day due to the shortened regatta. We didn't take pre-orders but we did have a couple of schools place orders for approx 50 items.

Boarder vouchers approx 125

We grossed \$10k nett \$6k

Tips:

The gate at the entrance needs to open earlier.

Wind forecasts please.

Comments:

Loved having use of the Qld Rowing tent

Discouraging schools from self-catering on a grand scale for regattas 1-5 would help sales. HOR is different.

Regards,

Kylie
